

MISSION HUB

WEBSITE & RSVP INVESTMENT GUIDE

A landing page *built to fill the room.*

Prepared exclusively for Tiffany Esparsa, Coldwell Realty — a side-by-side look at what your landing page and event RSVP link look like at three different investment levels, with real examples of work we've built at each.

WHAT YOU'RE BUILDING

Two goals, one clear path

Every conversation we've had comes back to the same two things — so that's exactly what this proposal is built around.

01

A landing page that works as hard as you do

One home online for your business — buyers and sellers land, understand who you are and what you offer, and know exactly how to reach you. Built around your name, your Coldwell Realty brand, and your listings.

02

An RSVP link for your events

Open houses, client-appreciation parties, community events — a simple way for people to say "I'm coming" that lands directly with you, without you chasing texts and DMs to build a guest list.

YOUR STATED BUDGET

~~\$500~~

What you came to us with

COVERS BOTH GOALS

~~\$1,000~~

The Essentials tier — landing page and a working RSVP form on your own site

OUR STANDARD BUILD

~~\$1,800~~

Fully custom, with your RSVP automated end to end

Why we're showing you three numbers instead of one

Most agencies will either turn away a \$500 budget or quietly build something that doesn't actually do what you asked for. We'd rather show you exactly what changes at each price point — what stays, what gets simplified, and what has to move up a tier to make the math work — so the decision is yours to make with full information.

The short version: at **\$500**, there's room for the page but not the RSVP. At **\$1,000**, both of the things you asked for are covered — a real landing page and a working RSVP form built into your own site. At **\$1,800**, our standard build, every pixel is custom and the RSVP runs itself: guests get an automatic confirmation in your name, and you get a clean, exportable guest list for every event you host.

TIER ONE · STARTER

The Starter Page

"Something online" — matched to your \$500 budget.

- ✓ **Single-page landing site**
One scrolling page: your intro, your services, and how to reach you.
- ✓ **Pre-built template layout**
A proven template shell, restyled with your name, colors, and headshot — not designed from scratch.
- ✓ **Mobile responsive**
Looks correct on a phone, tablet, and laptop.
- ✓ **Basic contact info**
Phone, email, and Coldwell Realty office address listed — no working web form.
- ✗ **RSVP / event registration**
Not included at this level — see the note below.
- ✗ **Custom design**
No original layout or art direction — copy and photos you supply, dropped into the template.
- ✗ **SEO & analytics setup**
Not included — the page exists, but isn't optimized to be found.
- ✓ **1 round of revisions**
One pass of small text and photo swaps after the first draft.

About your RSVP link: there isn't build time in this tier for a registration form of any kind. Since the RSVP was half of what you came to us for, we'd tell you honestly: put that \$500 toward the **\$1,000 Essentials tier** instead, where both of your must-haves are covered.

\$500
ONE-TIME

OUR WORK · STYLE REFERENCE

Corey Loans California

A personal-brand site we built for a Palm Desert loan officer — one clear headline, a headshot, and an obvious next step. That single-page, get-to-the-point structure is the direction a Starter page takes.

Shown for design tone. Corey's live site is a fuller build than a \$500 Starter — it includes a mortgage calculator and multiple sections.

Estimated build time: ~4 hours · Turnaround: 3–5 business days

Blended rate reference: ~\$125/hr

TIER TWO · ESSENTIALS

The Essentials Page

Both of your must-haves, covered — the landing page and the RSVP.

\$1,000
ONE-TIME

EVERYTHING YOU ASKED FOR

- ✓ **Multi-section landing page**
Hero, About/Bio, Listings or Services, and Contact — four real sections.
- ✓ **RSVP form built into your page**
Guests RSVP without ever leaving your site. Every response is emailed straight to you as it comes in — no third-party form, no handing your guests off.
- ✓ **Reusable for every event**
Swap the event name, date, and photo whenever you host something new.
- ✓ **Semi-custom design**
A flexible layout restyled around your Coldwell Realty colors, logo, and headshot.
- ✓ **Working contact form**
Submits straight to your email — separate from your RSVPs.
- ✓ **Mobile responsive + basic on-page SEO**
Tested on phone, tablet, and desktop, with page titles and descriptions search engines can read.
- ✗ **Automatic guest confirmations & guest list**
Guests won't get an automatic "you're on the list" email in your name, and you'll be counting RSVPs out of your inbox rather than an exportable list.
- ✓ **2 rounds of revisions**
Two passes to refine copy, photos, and layout details.

This tier does everything you asked for: a real landing page and a working RSVP link on your own site. What it doesn't include is the automation around it — the confirmation email guests get back, and the clean guest list waiting for you. That's the **\$1,800** upgrade.

OUR WORK · STYLE REFERENCE

Phantom Agency

Our sister marketing brand. One confident headline, two clear buttons, and a page that tells you what to do next — the structure an Essentials page borrows, with your colors in place of the black and gold.

Shown for design tone. Phantom's live site is a larger build than an Essentials page — it adds a booking calendar and a client portal.

Estimated build time: **~8 hours** · Turnaround: **5-7 business days**

Blended rate reference: **~\$125/hr**

TIER THREE · SIGNATURE

The Signature Landing Page

Everything you asked for — built, branded, and automated.

\$1,800
ONE-TIME

RECOMMENDED & OUR STANDARD BUILD

- ✓ **Fully custom landing page (up to 5 sections)**
Hero, About/Bio, Listings or Services, Featured Events, and Contact — designed around you, not a template.
- ✓ **RSVP built in and fully automated**
Guests RSVP on your page and immediately get a confirmation email in your name. You get an instant notification and a running guest list you can export before every event.
- ✓ **Full Coldwell Realty branding**
Your colors, logo, professional headshot, and voice, carried through every section.
- ✓ **Spam-protected contact form**
Delivered straight to your inbox, filtered against bot submissions.
- ✓ **On-page SEO & analytics setup**
Search-ready metadata, image tagging, and traffic tracking from day one.
- ✓ **Free domain connection**
We connect your existing domain, or help you pick one, at no extra charge.
- ✓ **Mobile responsive & cross-browser tested**
Verified on real devices and browsers, not just previewed.
- ✓ **3 rounds of revisions + 30 days of support**
Room to get it right, and a safety net after it's live.

The difference you'll feel: at \$1,000 you're running your guest list. At \$1,800 the page runs it for you — every RSVP confirmed, counted, and waiting for you in one place, for every event you host from here on.

OUR WORK · STYLE REFERENCE

Cache Estate

A Mission Hub build for a wedding and event venue in Indio — full-bleed photography, a custom wordmark, and an inquiry path built for people planning an event. This is the level of craft a Signature page gets.

Shown for design quality. Cache Estate is a larger multi-page site with galleries and video tours; your Signature build is a single custom landing page.

Estimated build time: **~15 hours** · Turnaround: **7 business days**

Blended rate reference: **~\$125/hr**

SIDE BY SIDE

The full comparison

Everything from the last three pages, in one view.

	Starter \$500	Essentials \$1,000	Signature \$1,800
Landing page	Yes, 1 section	Yes, 4 sections	Yes, up to 5 sections
RSVP link for events	Not available	Yes, built into your page	Yes, built in & automated
RSVPs emailed to you	—	Yes	Yes, instantly
Guest confirmation email	—	Not included	Automatic, in your name
Guest list you can export	—	Manual, from your inbox	Collected & exportable
Design approach	Pre-built template	Semi-custom layout	Fully custom to your brand
Coldwell Realty branding	Colors & logo only	Colors, logo, headshot	Fully integrated throughout
Contact form	Phone/email listed only	Yes, emails you directly	Yes, spam-protected
SEO & analytics	Not included	Basic on-page SEO	Full setup + analytics
Domain connection	Self-managed	Self-managed	Included, we connect it
Revisions	1 round	2 rounds	3 rounds
Post-launch support	Not included	Not included	30 days included
Turnaround	3–5 business days	5–7 business days	7 business days
Our work at this level	Corey Loans California	Phantom Agency	Cache Estate

OUR HONEST TAKE

What we'd recommend for you

RECOMMENDATION

Signature at \$1,800 is the one we'd put our name on. Essentials at \$1,000 is the least you can spend and still get everything you asked for.

If the budget can stretch to \$1,800, take it. It's our standard build for a reason: the page is designed for you from scratch, and your RSVP stops being something you manage. Guests confirm themselves, your list builds itself, and it works that way for every open house and client event you host from here on — not just the first one.

If \$1,800 isn't where you are right now, Essentials at \$1,000 genuinely covers both things you came to us for: a real landing page, and an RSVP link your guests use without ever leaving your site. You'll do a little more of the guest-list work by hand, and that's the honest tradeoff.

What we wouldn't recommend is the \$500 Starter. It gets you a page, but no way for anyone to RSVP — and that was half the reason you called us.

01

You choose a tier

Reply with the option that fits, or tell us if you'd like to talk it through first.

02

We collect your content

Headshot, bio, listings info, brand colors, and your first event details.

03

We build & you review

You'll see a working draft, request your revisions, and approve it for launch.

04

It goes live

Your page — and your first RSVP link — is ready to send to clients.
