

MISSION HUB

WEBSITE & RSVP PROPOSAL

A landing page *built to fill the room.*

Prepared for Tiffany Esparsa of Coldwell Realty. Inside are three options for your landing page and event RSVP link, with real examples of work we have built at each level.

WHAT YOU'RE BUILDING

What you asked us for

Everything we have talked about comes back to these two things, so that is what this proposal is built around.

01

A landing page for your business

One place online where buyers and sellers can find you, see what you do, and get in touch. Built around your name, your Coldwell Realty branding, and your listings.

02

An RSVP link for your events

Open houses, client parties, community events. A simple way for people to tell you they are coming, so you are not building a guest list out of texts and DMs.

YOUR STATED BUDGET

~~\$500~~

What you came to us with

COVERS BOTH GOALS

~~\$1,000~~

Landing page plus a working RSVP form on your own site

OUR STANDARD BUILD

~~\$1,800~~

Fully custom, with your RSVP automated end to end

Why you are seeing three prices

Mission Hub does not build websites for under \$1,800. That is where our pricing starts for every client who comes to us, and we do not discount it. The \$500 and \$1,000 options in this proposal are not on our price list and are not offered to anyone else.

We put them together for you because of your relationship with **Kristen Martinez, owner of Vanmar Properties**, and they apply to this project only. We are showing you all three so you can see exactly what your budget buys at each level, and what going lower costs you.

OPTION ONE · STARTER

The Starter Page

What \$500 actually buys.

\$500

ONE TIME

CREATED FOR YOU ONLY. NOT STANDARD PRICING.

- ✓

Single page landing site
One scrolling page with your introduction, your services, and your contact details.
- ✓

Template layout
A template we already own, restyled with your name, colors, and headshot. Nothing is designed from scratch.
- ✓

Mobile responsive
Reads correctly on a phone, a tablet, and a laptop.
- ✓

Your contact details listed
Phone, email, and your Coldwell Realty office address on the page. There is no working web form.
- ✗

RSVP or event registration
Not available at this price. Please read the note below.
- ✗

Custom design
No original layout or art direction. You supply the copy and photos and we place them into the template.
- ✗

SEO and analytics setup
Not included. The page is live, but nothing is done to help people find it.
- ✓

One round of revisions
A single pass of text and photo changes after you see the first draft.

About your RSVP link: there is no build time at this price for a registration form of any kind. Since the RSVP was half of what you came to us for, we would rather say it straight. Put the \$500 toward the \$1,000 Essentials option instead, where both of the things you asked for are covered.

OUR WORK AT THIS LEVEL

Corey Loans California

A personal brand site we built for a loan officer in Palm Desert. One clear headline, a headshot, and an obvious next step. That simple structure is the direction a Starter page takes.

Shown for design tone. Corey's live site is a bigger build than a \$500 Starter. It includes a mortgage calculator and several more sections.

Estimated build time	About 4 hours
Turnaround	3 to 5 business days
Revisions	1 round
Rate reference	\$125 per hour

OPTION TWO · ESSENTIALS

The Essentials Page

Both of the things you asked for, covered.

EVERYTHING YOU ASKED FOR

- ✓

Landing page with four sections

A hero, your bio, your listings or services, and a contact section.
- ✓

RSVP form built into your page

Guests RSVP without leaving your site, and every response is emailed to you as it arrives. No third party form involved.
- ✓

Reusable for every event

Change the event name, date, and photo whenever you host something new.
- ✓

Design matched to your brand

A flexible layout restyled around your Coldwell Realty colors, logo, and headshot.
- ✓

Working contact form

Sends to your email, kept separate from your RSVPs.
- ✓

Mobile responsive with basic SEO

Tested on phone, tablet, and desktop, with page titles and descriptions search engines can read.
- ✗

Automatic confirmations and guest list

Guests will not get an automatic reply in your name, and you will count RSVPs in your inbox rather than off a list.
- ✓

Two rounds of revisions

Two passes to adjust copy, photos, and layout after the first draft.

This option does everything you asked for: a real landing page and a working RSVP link on your own site. What it leaves out is the automation around it, meaning the confirmation email your guests get back and the guest list waiting for you. That is the \$1,800 upgrade.

\$1,000
ONE TIME

OUR WORK AT THIS LEVEL

Phantom Agency

Our sister marketing brand. One confident headline, two clear buttons, and a page that tells you what to do next. Essentials borrows that structure and puts your colors in place of the black and gold.

Shown for design tone. Phantom's live site is a bigger build than Essentials. It adds a booking calendar and a client portal.

Estimated build time	About 8 hours
Turnaround	5 to 7 business days
Revisions	2 rounds
Rate reference	\$125 per hour

OPTION THREE · SIGNATURE

The Signature Landing Page

Everything you asked for, built and automated.

\$1,800

ONE TIME

RECOMMENDED · OUR STANDARD PRICING

- ✓

Custom landing page, up to five sections

A hero, your bio, your listings or services, a featured events section, and contact. All of it designed for you rather than pulled from a template.
- ✓

RSVP built in and automated

Guests RSVP on your page and get a confirmation email in your name right away. You get an instant notification and a running guest list you can export before each event.
- ✓

Full Coldwell Realty branding

Your colors, logo, headshot, and voice carried through every section of the page.
- ✓

Protected contact form

Goes straight to your inbox with bot submissions filtered out.
- ✓

SEO and analytics setup

Page titles and descriptions built for search, image tagging, and traffic tracking from the first day.
- ✓

Free domain connection

We connect the domain you own, or help you choose one, at no extra charge.
- ✓

Tested on real devices and browsers

Checked properly before launch rather than previewed on one screen.
- ✓

Three rounds of revisions and 30 days of support

Time to get it right, and help from us after it goes live.

The difference you will feel: at \$1,000 you are running your guest list. At \$1,800 the page runs it for you, for every event you host from here on.

OUR WORK AT THIS LEVEL

Cache Estate

A Mission Hub build for a wedding and event venue in Indio. Full bleed photography, a custom wordmark, and an inquiry path designed for people planning an event. This is the level of craft a Signature page gets.

Shown for design quality. Cache Estate is a larger multi page site with galleries and video tours. Your Signature build is a single custom landing page.

Estimated build time	About 15 hours
Turnaround	7 business days
Revisions	3 rounds
Rate reference	\$125 per hour

Our work at this level	Corey Loans California	Phantom Agency	Cache Estate

A reminder on the first two columns. Starter and Essentials are not options we sell. Mission Hub starts at \$1,800 for every client, and these two were built for you as a courtesy through Kristen Martinez at Vanmar Properties.

OUR HONEST TAKE

What we would recommend

RECOMMENDATION

Signature at \$1,800 is the one we would put our name on. Essentials at \$1,000 is the least you can spend and still get both things you asked for.

If the budget can reach \$1,800, take it. The page is designed for you from scratch, and your RSVP stops being something you manage. Guests confirm themselves, the list builds itself, and it keeps working that way for every open house and client event you host after the first one.

If \$1,800 is out of reach right now, Essentials at \$1,000 covers both things you came to us for: a real landing page, and an RSVP link your guests use without leaving your site. You will do more of the guest list work by hand. That is the tradeoff.

We would not recommend the \$500 Starter. It gets you a page with no way for anyone to RSVP, and the RSVP was half the reason you called us.

01

You choose an option

Reply with the one that fits, or tell us if you would like to talk it through first.

02

We collect your content

Headshot, bio, listings information, brand colors, and your first event details.

03

We build and you review

You see a working draft, send us your changes, and approve it for launch.

04

It goes live

Your page and your first RSVP link are ready to send to clients.

One last thing. Whichever you choose, the \$500 and \$1,000 prices hold for this project and this project only. For any work after it, and for anyone you send our way, our pricing starts at \$1,800.
