WEBSITE & RSVP INVESTMENT GUIDE

A landing page *built to bring people to your door.*

Prepared exclusively for Tiffany Esparsa, Coldwell Realty — a side-by-side look at what a real estate landing page with event RSVP capability looks like at three different investment levels, so you can choose with your eyes open.

WHAT YOU'RE BUILDING

Two goals, one clear path

Every conversation we've had comes back to the same two things — so that's exactly what this proposal is built around.

01

A landing page that works as hard as you do

One home online for your business — buyers and sellers land, understand who you are and what you offer, and know exactly how to reach you. Built around your name, your Coldwell Realty brand, and your listings.

02

An RSVP link for your events

Open houses, client-appreciation parties, community events — a simple way for people to say "I'm coming" that lands directly with you, without you chasing texts and DMs to build a guest list.

YOUR STATED BUDGET

MISSION HUB MINIMUM PROJECT

~~\$~~**\$1,800**

Our standard Brochure Site — fully custom, both goals fully realized

Why we're showing you three numbers instead of one

Most agencies will either turn away a \$500 budget or quietly build something that doesn't actually do what you asked for. We'd rather show you exactly what changes at each price point — what stays, what gets simplified, and what has to move up a tier to make the math work — so the decision is yours to make with full information.

The short version: your RSVP feature is the piece that costs the most to build well. At \$500, there isn't room for it. At \$1,000, we can get you a basic version. At our standard \$1,800 minimum, it's built in

properly, matching your brand, with confirmations sent automatically — the way we'd build it for any client.

TIER ONE · STARTER

The Starter Page

"Something online" — matched to your \$500 budget.

- ✓ **Single-page landing site**
One scrolling page: your intro, your services, and how to reach you.
- ✓ **Pre-built template layout**
A proven template shell, restyled with your name, colors, and headshot — not designed from scratch.
- ✓ **Mobile responsive**
Looks correct on a phone, tablet, and laptop.
- ✓ **Basic contact info**
Phone, email, and Coldwell Realty office address listed — no working web form.
- ✗ **RSVP / event registration**
Not included at this level — see the callout below.
- ✗ **Custom design**
No original layout or art direction — copy and photos you supply, dropped into the template.
- ✗ **SEO & analytics setup**
Not included — the page exists, but isn't optimized to be found.
- ✓ **1 round of revisions**
One pass of small text/photo swaps after first draft.

About your RSVP link: there isn't build time in this tier for a registration form of any kind — not even a simple link-out button. If people need to RSVP to your events, we'd tell you to put that \$500 toward the **\$1,000 Essentials tier** instead, where a basic RSVP link is included.

\$500
ONE-TIME

STYLE REFERENCE

Corey Loans California

A one-owner mortgage-officer site we've built in this same clean, template-forward style: single-scroll layout, one strong headline, service info, and a contact path. No booking or RSVP mechanism.

Shown for design tone only — not built at the \$500 price point.

Estimated build time: ~4 hours · Turnaround: 3–5 business days

Blended rate reference: ~\$125/hr

TIER TWO · ESSENTIALS

The Essentials Page

A real landing page, and your RSVP link — kept simple.

- ✓ **Multi-section landing page**
Hero, About/Bio, Services or Featured Listings, and Contact — four real sections, not one long scroll.
- ✓ **Semi-custom design**
Built on a flexible layout, restyled around your Coldwell Realty colors, logo, and headshot.
- ✓ **Working contact form**
Submits straight to your email — no more "call or text me" as the only option.
- ✓ **RSVP link for events**
A clearly-labeled "RSVP" button that sends guests to a free external form (Google Forms or Eventbrite) — functional, but off-brand and off-site.
- ✓ **Mobile responsive**
Tested across phone, tablet, and desktop.
- ✓ **Basic on-page SEO**
Page titles, descriptions, and image tagging so search engines can read the page.
- ✗ **Embedded, on-brand RSVP form**
Not included — guests leave your site to RSVP, and replies land in a generic inbox, not a system built for you.
- ✓ **2 rounds of revisions**
Two passes to refine copy, photos, and layout details.

About your RSVP link: this tier gets you a working RSVP button — but it hands guests off to a free third-party form, with no branding and no confirmation email in your voice. To keep the whole experience on your site and fully automated, that upgrade lives in the **\$1,800 Signature tier**.

\$1,000

ONE-TIME

STYLE REFERENCE

Phantom Agency

Our sister marketing brand, shown here for its clean structure and bold, high-contrast section blocks — the kind of confident, no-fuss layout an Essentials-tier page borrows from.

Shown for design tone only — Phantom Agency's actual site includes more than an Essentials build (booking calendar, galleries, CRM integration).

Estimated build time: ~8 hours · Turnaround: 5–7 business days

Blended rate reference: ~\$125/hr

TIER THREE · SIGNATURE

The Signature Landing Page

Everything you asked for, built the way we'd build it for any client.

\$1,800

ONE-TIME

RECOMMENDED & OUR STANDARD MINIMUM

- ✓ **Fully custom landing page (up to 5 sections)**
Hero, About/Bio, Listings or Services, Featured Events, and Contact — designed around you, not a template.
- ✓ **Full Coldwell Realty branding**
Your colors, logo, professional headshot, and voice, carried through every section.
- ✓ **Embedded, on-brand RSVP / event registration**
A real RSVP form built into your site — guests never leave your page. You get an instant email notification; they get an automatic confirmation. Reusable for every future event at no extra cost.
- ✓ **Spam-protected contact form**
Delivered straight to your inbox, filtered against bot submissions.
- ✓ **Mobile responsive & cross-browser tested**
Verified on real devices and browsers, not just previewed.
- ✓ **On-page SEO & analytics setup**
Search-ready metadata, image tagging, and traffic tracking from day one.
- ✓ **Free domain connection**
We connect your existing domain (or help you pick one) at no extra charge.
- ✓ **3 rounds of revisions + 30 days of post-launch support**
Room to get it right, and a safety net after it's live.

This is the tier where both of your goals are fully solved — a landing page built specifically for you, and an RSVP experience your guests never have to leave your site for.

STYLE REFERENCE

Velour Estate

A fully custom brochure-tier build at this exact price point: warm, photo-forward hero, a curated gallery, and a dedicated inquiry path — the closest match to the scope you'd get.

Shown for design tone and scope — your RSVP form would be built in, matching Coldwell Realty's brand rather than Velour Estate's.

Estimated build time: ~15 hours · Turnaround: 7 business days

Blended rate reference: ~\$125/hr

OUR HONEST TAKE

What we'd recommend for you

RECOMMENDATION

Go with the \$1,800 Signature tier — it's the only one where the RSVP feature you actually asked for is built the right way.

Both cheaper tiers exist so you can see the tradeoffs clearly, not because we think they're the right fit. At \$500, there's no RSVP capability at all. At \$1,000, guests get bounced to a free third-party form with no branding. At \$1,800 — our standard project minimum for any client — you get a landing page built specifically for Coldwell Realty and an RSVP system that lives on your site, confirms guests automatically, and is ready to reuse for every future open house or client event at no added cost.

01

You choose a tier

Reply with the option that fits, or tell us if you'd like to talk it through first.

02

We collect your content

Headshot, bio, listings info, brand colors, and your first event details.

03

We build & you review

You'll see a working draft, request your revisions, and approve it for launch.

04

It goes live

Your page — and your first RSVP link — is ready to send to clients.
